

TPP v.1.1.11.1 updated

08.08.2023

If paid support expired before 08.08.2023, this TOPODRONE Post Processing version will not work for a user. It is necessary to either pay for support or download previous version distributive, the release date of which is earlier than the expiration date of paid support.

Get the distribution: [TOPODRONE Software Distributor](#)

+ **Added:** HESAI lidars use calibration angles for installation

Revision #11
